What would you recommend for Winter 2014?

- Course or course placeholder (e.g. BIOL 180, ENGL 3xx, etc.)
  - e.g. BIOL 180
- General placeholder (e.g. Elective, VU, PA, Other, etc.)
- Describe recommendation reason:
  - Enter a short description (500 character max)

(TBD) Once hit 'Recommend' below, MyPlan is sending out the notification to Jana in 30 minutes.
Enhancing MyPlan for Graduate Students

Partnering with the Graduate School to increase benefit to Graduate students and Graduate programs:

- Encode graduate school requirements in degree audit system to support the Graduation process
- Use of exceptions to support the petition process
- Enable graduate students and advisors to track progress using the degree audit system
- Advisor recommendations
- Advisor templates
Highlights

- Office duties
- Funding for new students
- UAW 4121 ASE Contract
- International Student Waivers
- Online meetings with GPAs to review specific areas
Office Duties

* Interim changes are becoming permanent.

* Helene is doing more fiscal and budgetary work; Marilyn will be primary contact in Fellowships.

* Don’t worry—Helene is still available and involved!
We are always happy to talk to incoming students . . . HOWEVER, we may not be the best place for you to send them.

All Fellowship Office funding for incoming students is provided through departments as Top Scholar awards. We do not have funding for individual students—we will usually refer students back to the academic program.

Graduate Funding Information Service is the office on campus designed to assist students in learning how to search for funding. This service is provided by the Graduate School, Libraries, and Information School. [http://commons.lib.washington.edu/services/gfis](http://commons.lib.washington.edu/services/gfis)

It’s usually too late to look for funding after a student is admitted. We recommend that you encourage applicants to begin searching for funding as soon as they apply. If you have a chance to encourage seniors to begin looking for funding before they even apply for graduate school, that’s even better.
Increase in wages expected each year for the remainder of the contract. Was 10% this year; won’t know the actual July 1, 2014 increase amount until later, but expect it to be 10% or greater.

Fee settlement agreement continues through the remainder of the contract. This affects the Student Facilities Fee and the U-PASS fee.

Labor Relations, Graduate School, and Arts & Sciences have collaborated on revising the offer letter template. It will be posted soon on the contract website.
International Student Waivers

* Now being handled through Graduate School (previously through Global Affairs)
* No departmental quotas; trying to maximize use while making sure that all departments have the opportunity to request waivers.
* Maximum of three quarters of waivers during a student’s academic career at the UW, with few exceptions (e.g., funded Fulbright fellow).
* If you know that you plan to offer admission to a student, you can request the waiver prior to the offer. Once the request is approved, the waivers can be part of your admission offer.
International Student Tuition Waivers

Definition and Policy

The State of Washington has made 300 quarters of tuition waivers available to support international student exchanges and international students with the primary emphasis of creating international opportunities for Washington residents. Tuition waivers for international graduate students who attend the University of Washington as part of a degree program, or as part of a specialized fellowship program like Fulbright, are managed by the Office of Fellowships and Awards in the Graduate School. Tuition waivers for international students who visit the UW as part of a formal exchange are managed by the Office of International Programs and Exchange. Note: Formal exchanges of students between the UW and international partners are established by bilateral, signed Agreements on Student Exchange.

Formal Exchanges (undergraduate and graduate students)

For information about undergraduate waivers and waivers for graduate students on formal exchanges, contact the Office of International Programs and Exchanges: ipexapp@uw.edu.

Graduate Student Waivers

Awards through the Graduate School will be made on a rolling basis throughout the year. Preference is given in these areas:

1. Students who are sponsored and financially assisted by recognized international education programs (e.g., Fulbright).
2. Recruitment and retention of international students for graduate-level study, especially to support international students from countries under-represented at the UW. Tuition waivers can be used to support up to one year of Master’s or Ph.D coursework.
Online Meetings with GPAs

The Fellowship Office is planning to have periodic, informal online “Go-To-Meetings” with GPAs to cover topics of interest. The hope is that we can conversations that will both inform you about areas that we manage and share information about how to best use the services.

- Topics will include: requesting tuition waivers, student travel funding, ASE appointments, maximizing Top Scholar funding.

- Please send Marilyn any topic suggestions you have. If you think in-person brown bags would be more useful than electronic meetings, please let her know that too!
We’re here to help, so please don’t hesitate to contact us . . .

gradappt@uw.edu
543-7152

If we don’t know the answer, we’ll probably know who does!
Graduate Opportunities & Minority Achievement Program (GO-MAP)

ANTHONY SALAZAR
Diversity Specialist
GO-MAP’s 2014 Prospective Student Days
http://www.grad.washington.edu/gomap/psd/

GO-MAP Prospective Student Days – 2014

Thursdays, 4:00–8:00pm | Sam Kelly Ethnic Cultural Center | Feb. 20
* March 6 * April 3

Admitted prospective graduate students of color (starting their graduate work at the UW in Autumn 2013) are invited to join us for Prospective Student Days, or PSD. Prospective students will participate in departmental events, while also enjoying GO-MAP sponsored activities. Students have several opportunities to network with students and faculty from various departments and to learn about funding, housing, campus climate, and living in Seattle.

UW Departmental registration is required for prospective students to attend the events below. Please RSVP by completing this form and emailing it to gomap@u.washington.edu to register your prospective student(s) for scheduled activities.

The Graduate School

Recruiting and Retaining Minority Students

Introduction

Your mission: To recruit -- and retain -- the very best and brightest of students to your graduate program. Students who will become the next generation of innovators and leaders. That means
National Name Exchange (NNE), managed by GO-MAP
http://www.grad.washington.edu/nne/
Updates from ISS
International Student Services

iss.washington.edu

- Intro to ISS
- Potential Conflicts: Student Visa Rules vs. UW Policies
- Employment Issues
Role of ISS Advisers

• Help 5,500 students navigate the student visa regulations and apply for benefits.
• Help students and staff understand the interaction of federal regulations and University policies.
• Maintain electronic student visa records.
• Ensure the University’s compliance with immigration laws.
"Immigration": Big Picture

Dept. of Homeland Security

International Student

University

Dept. of State
Current Trends

- Stricter enforcement of regulations
- Delays, denials of entry at borders due to electronic record data
- Increased scrutiny of employment applications
- Visa denials for lack of normal progress
Potential Conflicts: Federal Regulations vs. UW Policies

Full-time Enrollment

- Definition of “full-time” enrollment is 10 credits per quarter, regardless of program design.
- Exceptions must be pre-approved by ISS
- Vacation quarter
- Summer quarter: two credits?
- Thesis/Dissertation credits
On-leave Policy

- Always refer a student to ISS when discussing potential on-leave status.
- Physical location?
- Length of leave?
- Proximity to graduation?
- Students sometimes assume “on-leave” approval also applies to student visa status.
PhDs: Extensions After Ten Years

- Additional documentation from faculty adviser required
- Must document normal academic progress and reasons for delay
- ISS might grant quarterly extensions on case-by-case basis
F-1 Employment: On-campus

- On-campus employment is limited to **20 hours per week** during the quarter.
- Additional hours must be **pre-approved** by ISS.
- New students can start 30 days prior to program start date (not I-20 start date).
- Authorization ends with graduation.
F-1 Employment: Off-campus

- Even unpaid internships should be pre-approved by ISS.
- Curricular Practical Training (CPT) is now an online application.
- Optional Practical Training (OPT) is slow; students should apply three months before graduation.
- Student visa documents will not be extended for employment purposes; must be academic reason.
