

## Graduate Study at the University of Washington

The University of Washington is one of the world's preeminent universities and a recognized leader in educating the next generation of thinkers, doers and leaders. We have unmatched research capabilities, unparalleled business and community partnerships, a highly committed faculty and staff, and our region's most talented and engaged students. Our collaborative, multi-disciplinary approach allows us to translate discoveries into better answers for mankind's most pressing problems.

### Requirements

Admission to the University of Washington is necessarily a selective process. Prospective students will ordinarily meet the following minimum requirements, but please check with the department to which you are applying.

- ▶ Hold a baccalaureate degree from an accredited college or university in the U.S. or its equivalent from a foreign institution.
- ▶ Have earned at least a 3.0 or B grade-point-average in the most recent 2 years of study.

### How to apply

Departmental application deadlines and requirements may vary. You are strongly encouraged to get more information about the specific graduate program you are interested in before applying.

Apply online: <http://www.grad.washington.edu>

Application fee: US \$75.00.

### Diversity

The University of Washington values diversity in its broadest context, reaching out to underrepresented individuals to recognize what they have to offer the community. Diversity within the student body not only benefits the individual but enhances the educational experience for everyone.
