- All Doctoral abstracts are published in full in Dissertation Abstracts International and **must not exceed 350 words**.
- The title and student name appears exactly as it does on the Title Page.
- The name of your Supervisory Committee Chairperson must appear in full with the appropriate **academic title**, such as Professor or Associate Professor typed **BEFORE** the name. No professional titles such as M.D. will be accepted.
- The text must be 1.5 or double-spaced and conform to margin requirements.
- Do not put illustrations in the Abstract.
