SIGNATURE PAGE— REQUIRED — NO PAGE NUMBER

- You will need a minimum of **TWO** copies with original signatures to submit to the Graduate School. You may need more for personal or departmental copies of your work. We suggest taking at least **4 *preliminarily reviewed*** Signature Pages to your defense to collect signatures while all parties are present.
- Your name must appear exactly as it does on your *Title Page*.
- Note that “. . . and have found that it is complete . . .” is a continuation of the sentence that begins “This is to certify that I have examined . . .” and should therefore remain as a lower-case letter “a”. Microsoft Word will always change it to a capital “A”, and you’ll have to override that.
- The number of signature lines can be adjusted according to the size of your Committee. The faculty who sign varies with degree:
 - ✓ **Master’s Thesis:** All committee members may sign; a minimum of two signatures is required.
- Do **NOT** include faculty’s professional titles or degrees with their names on the *Signature Page* . . . simply type their names beneath the lines you create for their signatures.
- Use the entire page and spread out the text, i.e., do not squeeze the text at the top, middle or bottom of the page.
