The GEMS advisors issue a high volume of I-20s for F-1 visa applications annually for new international graduate students. Please help us process your new students’ I-20s as quickly as possible by reviewing the information below.

If you are offering department financial support (e.g., RA/TA/Fellowship/Tuition Waiver) to an international graduate applicant:

- Complete the Graduate Funding Detail page *(See instructions on page 2)*
  - To access, go to MGP >> View Applicants >> the student's Application >> Funding Info tab.
  - Note: we can't process the I-20 without this departmental funding information entered here.
- The department should provide a formal admission letter outlining the funding support on letterhead to the applicant for the visa interview.

When international applicants....

- Ask you questions about the UW I-20, direct them to our Financial Ability Requirement or Admitted International Graduate Students (sample I-20 request form available here).
- Ask for a UW I-20, advise them to login to the online application and download the UW I-20 request form via the pre-registration page.
- Students must accept the offer of admission in the online application via payment of the ECD, *and then* they will have access to complete & upload their I-20 request form.
- Ask for your help in completing the I-20 request form, refer them to GEMS.
- Send you financial documents (i.e., bank statements), shred them to protect the student’s privacy!
